Education

- Oct 2019 – Present Hacettepe University
Industrial Engineering Department- Ankara, Türkiye
- I studied in English Preparatory for one year before my education.
- Feb 2023- July 2023 Lodz University
Faculty of Economics and Sociology- Lodz, Poland
- I studied in Lodz University as an Erasmus Exchange Student.

Experience

- Jan 2024- Jul 2024 AJET
Junior Specialist- İstanbul, Türkiye
- I continued my duties at AnadoluJet as I transition to Ajet as a part-time student employee. My roles included managing decision support systems, coordinating inter-departmental activities, identifying, and analyzing issues, conducting process improvement analyses, and optimizing revenue management strategies.
- Oct 2023- Present TUSAŞ
Graduation Project- Ankara, Türkiye
- I accomplished a graduation project called "Digital Asset delivery thru MBSE", which is carried out within the scope of the Turkish Aerospace Industries Lift-Up program, with my three other teammates. The project includes research and applications on the integration and standardization of Model-Based Systems Engineering (MBSE) into the Product Lifecycle Management (PLM) infrastructure for advanced digital asset distribution in cooperation with Turkish Aerospace Industries (TAI).

Sept 2023- Jan2024

Turkish Airlines

Junior Officer- Ankara, Türkiye

- As a part-time student employee at AnadoluJet, a subsidiary of Turkish Airlines. My responsibilities included managing decision support systems, coordinating between departments, analyzing issues, conducting process improvement analyses, and optimizing revenue management strategies. I contributed to the company's success by driving operational efficiency and revenue growth through strategic analyses and effective problem-solving.

Jul 2023-Aug 2023

Turkish Standards Institution (TSE)

Strategy Development Intern- Ankara, Türkiye

- I had an internship experience in Turkish Standard Institution for 30 workdays. During my internship I focused on stakeholder analysis and their roles and effects to the company, and I focused on project management part of the company.

Aug 2022 - Sep 2022

Faurecia

Production Intern- Bursa, Türkiye

- I was a production intern at Faurecia for 20 workdays. During my internship program I worked on hoshin, which is a method to reduce waste; therefore, cost using lean manufacturing methods. I used these methods in two different assembly lines, and I accomplished two projects by using hoshin methods, and found solutions.

Extracurricular Activities

Oct 2020- Jul 2022

Hacettepe University - Giyat

Organization Team Member- Ankara, Türkiye

- I was an Organization Team Member in Giyat. In Giyat we are realizing two different events. During the events we have realized throughout every year, I'm contacting with the human resources of various companies to ensure their participation in our events. During the events, my responsibility is moderating the room where the company officials and participants are present.
